Public Speaking Protocol – Full Council Meetings

Members of the public have the right to speak at Full Council Meetings on any matter identified for discussion on the Agenda.

This protocol sets out the provisions of the Council's scheme of participation at meetings and answers some of the questions that you might have about the procedure and what to expect at the Meeting itself. The Council welcomes contributions from members of the public and hopes that this procedure will facilitate input from the public, consistent with maintaining the orderly conduct of business.

If I want to speak, how do I arrange it?

Members of the public will be allowed at each Full Meeting of the Council to make representations on any item contained on the agenda. **A request for participation in the public session should be submitted, if possible in writing, to the Clerk by 12 noon on the day before the meeting.**

When will I be able to speak?

A slot will be set aside at each item of Full Council Meetings to enable members of the public to make a representation on that particular agenda item. Councillors will be permitted to ask questions.

To whom do I address my representation?

Each representation must be directed through the Chair.

What is the order of speaking on each item at the Meeting?

The Chair of the Meeting will introduce the individual and invite representations in the following order:

- The individual will be asked to identify the item they wish to address the Council on;
- Members of the Council with a personal or prejudicial interest should act accordingly;
- The individual will be asked to address the meeting.

How will I participate

Individuals will be asked to address the Full Council through the Chair.

If I cannot attend the Meeting in person, can I still make a representation to the Council?

Where a written representation is submitted and the author is not present at the Meeting, the Clerk will be asked to read the relevant communication.

NB - Laws of slander are very strict. If you say something, in public, about a person which is untrue, even if you believe it to be true, you may be at risk of legal action. You should think carefully about any criticisms you make about people in public speaking.

Budget Position - Letter from the Leader of Powys County Council

1 message

Sue Ling <sue.ling@powys.gov.uk>
To: Sue Ling <sue.ling@powys.gov.uk>

Wed, Aug 28, 2019 at 11:37 AM

Please find attached for your information:

- a letter from Councillor Rosemarie Harris, Leader of Powys County Council which sets out the current budget position facing the county
- a simple feedback form which aims to capture any additional insights that may be helpful ahead of final budget proposals being developed
- infographics which provide additional information about the way the council sets and spends its budget

The council will be launching a public consultation exercise in October to seek views on proposals to save up to £13m over the next financial year.

Some of you may be attending the session on Thursday 19 September which is primarily to discuss and capture your views on Towards 2040 – the Well-being plan for the county. Ness Young, the Strategic Director for Transformation will also be attending to speak further about the budgetary pressures so this will provide another opportunity to hear your views.

If you are not meeting until late September as a town and community or community council, but wish to contribute via the template or via email please do so after the date given. The 15 September deadline date is there in essence to allow officers to give some consideration before budget proposals are finalised and included in the simulator.

However, please be assured that any and all feedback will be given due regard before final budget decisions are taken early next year.

Sue Ling on behalf of the Leader.

Powys County Council

28 August 2019

Dear Stakeholder

The Council has a compelling vision to make Powys a fantastic place in which to work, play and visit and our plan for realising this vision is set out clearly in our Corporate Improvement Plan, Vision 2025. We have also now put in place an ambitious transformation programme to help us deliver our vision under four strategic priorities for our county: economy, health and care, learning and skills, and residents and communities.

At the same time however, as you may have seen in the media and on our website, the Council is continuing to face considerable financial pressures arising from ongoing public sector austerity, population changes and increasing demand for our statutory services, particularly in social care. As a consequence of these factors, the Council is forecasting a revenue budget shortfall of between £30 million and £46 million by 2022-23. The anticipated shortfall for the forthcoming financial year (2020 – 2021) is between £8 - £13 million.

The Council has delivered more than £100 million of recurrent revenue savings over the last decade and each year finding further savings through efficiency alone becomes harder. This financial year the Council is having to make nearly £12 million of savings to balance its budget and unfortunately in some instances this has had an impact on our stakeholders, including partners and citizens.

Within the Council we are currently considering how we can continue to deliver our vision for Powys within the resources we expect to have available so that we can ensure that by 2025 our communities are resilient, our economy strong and our residents enjoy a good quality of life overall supported by the council services they need.

I appreciate that we may have had discussions with you in the past about having to make budget cuts and how best to sustain services at risk. These conversations have not always been easy ones to have and the Council has had to make some difficult choices, but I'd like to take this opportunity to thank you for contribution in helping to maintain vital local services over the last decade.

Yn agored a blaengar - Open and enterprising
www.powys.gov.uk

Over the next few months we would like to engage with our stakeholders about together

we might be able to redesign some of our statutory and non-statutory services over the next couple of years to secure the shared outcomes we want for our population at a lower cost.

Where appropriate we would like to discuss these issues at already planned regular meetings. However, should that opportunity not be available we would also like to hear from you if you have any ideas about how we could work together to deliver services more efficiently or differently. The template attached can be used for this purpose and any feedback you provide by Sunday 15 September will be taken into account in the development of our budget simulator consultation tool which we will be launching in October. You can either scan and email your completed template to sue.ling@powys.gov.uk or send it to Sue Ling, Communications Team, County Hall, Llandrindod Wells, LD1 5LG.

I hope this letter provides a brief insight into the current position that the Council is facing and members of my Cabinet, the Senior Leadership Team and I look forward to engaging with you further in the coming weeks.

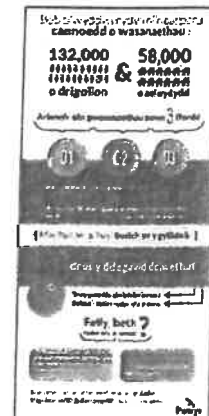

Yours sincerely

Dear Councillor,

Concessionary Travel Card Update

As you'll be aware, we're working with Transport for Wales and Welsh Government to roll out the new-style Concessionary Travel Cards across the authority by the end of December 2019.

Our printers were upgraded back in June, and we've been issuing new-style cards to new applicants and to those who've lost their cards or had their cards stolen.

The national programme to replace around 750,000 existing bus passes will begin on ~~11~~ **14** September 2019. The new-style cards offer the same free travel rights and benefits as the current cards.

Cardholders from across Wales will be able apply for their new-style card from home or at a local drop-in centres, which we're coordinating. The cards will be printed at a national bureau and sent direct to the cardholder's address.

A public information campaign will shortly be launched across Wales. We'll be supporting the campaign across our communications channels to make sure our residents are aware of what they need to do and have access to the support they need, to make sure they receive their new-style card before the 31 December 2019.

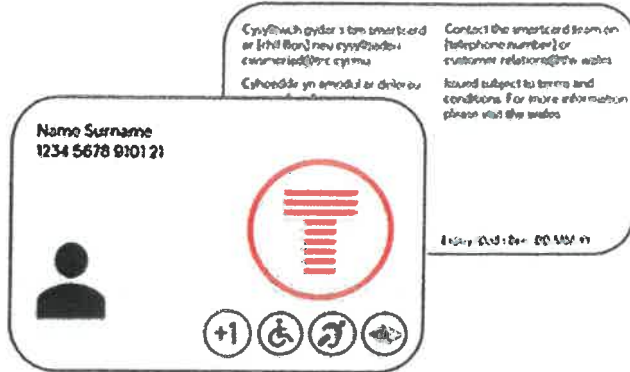

We've also made sure there's comprehensive support available through our social services, schools, libraries and at drop-in centres across our communities to make sure our residents can easily access face-to-face support. Our front-line staff have been briefed to be able to offer help to those who may need support in applying.

To manage this mammoth replacement programme, Transport for Wales, in partnership with local government, has created a new website which cardholders can use to apply or manage cards, a new system for councils to use and a national bilingual helpdesk.

The council still owns the Concessionary Travel Card scheme. We'll still play an important role, using our knowledge and expertise to help process complex queries and applications.

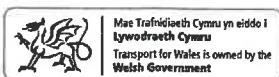

We've included some questions and answers to help answer any questions that you may receive from your constituents.

It would be great if you could display posters in your ward surgeries and at local events. If you'd like hard copies of the posters or leaflets, please email bus@tfw.wales your requirements.

We'd like to thank you for your continued support with these changes. If you've any queries, please contact 01597826000 and ask for the Corporate Transport Unit. **{INSERT CONTACT HERE}**

Clerk to Nantmel Community Council

Dear Jane

On behalf of the trustees, deacons and members of Dolau Nantmel Baptist Chapel I wish to apply for a grant towards the upkeep of the graveyard at the chapel as we have in previous years.

I trust that this grant is still available and look forward to hearing from you.

Yours sincerely

Lillian Evans
Treasurer
